

ALFA_{INTERNATIONAL}

THE GLOBAL LEGAL NETWORK

Holguín Neira & Pombo Abogados is a member of the ALFA International legal network. ALFA International is the oldest legal network of its kind and remains one of the largest. The organization is comprised of 125 member law firms with nearly 300 offices throughout the United States and around the World. The 85 American firms and 40 international members employ over 8,000 lawyers and 10,000 legal support staff. ALFA firms are consistently recognized for their outstanding trial work, but most members maintain broad general practices that can serve virtually all client needs. ALFA seeks to provide network clients with excellent legal services at reasonable rates, and the organization offers clients a wide range of educational programs (seminars, tele-seminars, legal compendia, etc.). As an ALFA member, Holguín Neira & Pombo Abogados is able to draw upon the vast resources of the network's membership to better serve its clients. ALFA affiliation also facilitates and expedites the retention of skilled and experienced counsel in unfamiliar jurisdictions, another significant client benefit. More information about the ALFA legal network can be found at
